(Houston, Texas – August 3, 2010) **Jumpstart Energy Services, LLC** (Houston, TX) is now representing Tigerzyme® Enzyme Fluids as its only enzyme fluid product line for well stimulation and improved oil recovery (IOR). Tigerzyme® 22-E is a cost effective NEW enzyme fluid that is made locally and was first introduced at SPE IOR 2010.

“Jumpstart found our emphasis and efforts increasingly directed towards Tigerzyme®. We’re excited by Tigerzyme® 22-E’s potential to improve oil production and economically increase revenue – even for marginal wells.” (John Gray, President)

Jumpstart is committed to bringing effective and economical enzyme fluids to oil and gas operators for well stimulation and improved oil recovery (IOR). Further information can be found at Jumpstart’s website www.jumpstartenergyservices.com including a demonstration video and new Tigerzyme® 22-E brochure.

® Tigerzyme is a Registered U.S. Trademark of Jumpstart Energy Services, LLC
